

ASTALDI - PRESS NOTE

Rome - May 21, 2010 – In relation to today's news from press agencies, Astaldi intends to inform that the contract which the news referred to is the same contract already assigned to the company last year. It is the contract for the construction of the Warsaw underground which Astaldi announced through a press release issued on April 29, 2009.

The contract, of a total value of equivalent 800 million euro (45% Astaldi share), was already included in the Company's order's backlog as of December 31, 2009

o o o

Listed in the STAR segment of the Italian stock exchange, Astaldi Group has been active for more than 80 years, in Italy and abroad, in designing and constructing large-scale civil engineering works.

The Group operates in the following areas of activity:

transport infrastructures (railways, undergrounds, roads, motorways, ports, and airports);

hydraulic works and energy production plants (dams, hydroelectric plants, waterworks, oil pipelines, gas pipelines, nuclear power stations and treatment plants);

civil and industrial construction (hospitals, universities, airports, law courts, car parks);

management under concession of works such as healthcare facilities, transport infrastructures, car parks.

The Group currently operates as a General Contractor capable of promoting financial aspects and coordinating all resources and skills for the optimal development and management of complex and high-value public works.
